

H.E.R. Weekend[®] Testimonials

"One of the great privileges of my life was being invited to staff the HER Training. To observe women being real with other women, being soft and hard as only women with other women can be, being playful with each other and with me as a 'grandfather figure' and to see men and women relate honestly with each other without being handcuffed by 'sexual or cultural' role playing is an experience that I will never forget. The effect on me was as transformational as any training I've done - and I was on staff. The change in the women attending was a delight to see."

"The gifts I received from my HER Weekend continue to give. It helped me through a block in my life that I hadn't been able to see my way through before. I recommend this workshop to any woman who wants to give herself the greatest gift of life and love in a sacred place..."

"HER Weekend was 'life changing.' The process gently guided me to a deeper part of myself to heal. I was given effective tools to use that guide me to the strength and peace that was blocked within me..."

*Cheri H.

"HER Weekend was a whirlwind of intense, personal processes... and exercises in love, trust, and transformation. I have grown spiritually and energetically. I know it is a God/Goddess inspired program. The staff was awesome—compassionate and powerful, and served with humility."
